work with the world's largest and most complex companies and understand the unique business issues and opportunities our clients face.

Job Description
Our clients are focused on improving business performance, responding quickly and effectively to crisis situations, and extracting value from transactions. Our growing Consumer Markets industry team provides strategy, management, technology and risk consulting services to help a diverse set of clients around the world anticipate and address their most complex business challenges. This industry vertical team includes Consumer Products, Retail, Travel and Transportation clients.

Our Salesforce consultants help clients solve business and technology challenges related to improving customer and employee experience. This high performing team leverages the Salesforce technology and platform to help clients transform their sales, service and marketing capabilities. Typical engagements are a combination of sales transformation, service transformation, marketing transformation, analytics, force platform based innovation and development, change management and training.
